CROP PROVISIONS - GRAIN SORGHUM

FEDERAL CROP INSURANCE CORPORATION

CROP PROVISIONS - GRAIN SORGHUM

1. Definitions

Harvest - Combining or threshing the sorghum for grain, or severing the stalk from the land and chopping the stalk and head for the purpose of livestock feed.

NASS yield - The yield calculated by dividing the NASS estimate of the production of sorghum in the county by the NASS estimate of the acres of sorghum, for each type and practice contained in the Actuarial Table. The Actuarial Table states whether harvested or planted acres of sorghum are used to establish the expected county yield and calculate indemnities.

Planted acreage - Land in which the sorghum seed has been placed by a machine appropriate for the insured crop and planting method, at the correct depth, into a seedbed that has been properly prepared for the planting method and production practice.

2. Crop Insured

The insured crop will be all sorghum:

- (a) Grown on insurable acreage in the county or counties listed in the accepted application;
- (b) Properly planted and reported by the acreage reporting date;
- (c) Planted with the intent to be harvested as grain or silage; and
- (d) Not interplanted with an established grass or legume or interplanted with another crop.

Hybrid sorghum seed may be insured only if a written agreement exists between you and us. Your request to insure such crop must be in writing and submitted to your agent not later than the sales closing date.

3. Payment

- (a) A payment will not be made unless your trigger yield is less than the payment yield for the insured crop year.
- (b) Payment yields will be determined prior to April 16 following the crop year.
- (c) We will issue any payment to you prior to the May 16 immediately following our determination of the payment yield.
- (d) The payment is equal to the payment calculation factor multiplied by your policy protection for each insured crop practice and type specified in the Actuarial Table.
- (e) The payment will not be revised even though the NASS yield may be subsequently revised.

4. Program Dates

STATE AND COUNTY	CANCELLATION AND TERMINATION DATES	CONTRACT CHANGE DATE
